Re: Additional Request for Annual Reports, Radium King Mine, M/037/007, San Juan County, Utah

Dear Mr. Bierschied:

As of this date, we have not received your 1993 and 1994 annual reports for the Radium King Mine, file number M/037/007, located in San Juan County.

The Utah Mined Land Reclamation Act, Title 40-8-15, subsection (2) and Rule R647-4-121.1 of its interpretive rules, require a mine operator to file an annual report with this Division by January 31st of each year. This report is required regardless of mine activity, unless the Division grants a written waiver from the annual filing requirement, or the operator receives a formal release from continued reclamation obligations from the Division. Your failure to file this report, may constitute a violation of the Mined Land Reclamation Act, which could result in the issuance of a Notice of Noncompliance and/or a formal Notice of Agency Action.

We assume that your failure to return the completed annual report forms was an oversight. Accordingly, we are once again requesting that you submit the required reports for 1993 and 1994 to this office. Please return the enclosed annual report forms no later than February 28, 1995. Please contact me or Tony Gallegos of my staff should you have questions in this regard. Thank you for your cooperation and prompt attention to this matter.

Sincerely,

A handwritten signature in cursive script that reads "D. Wayne Hedberg".
